Program Objectives

The overall goal of the program is to cultivate future CVS Health leaders through in-depth exposure to clinical practice, patient-centered care, innovation and organizational leadership. Partnered with University of Toledo College of Pharmacy and Pharmaceutical Sciences, this 12-month intensive program is designed for the resident to learn the different facets of community and long-term care pharmacy practice through experiences in patient care, consulting, infusion services, anticoagulation, operations/dispensing, practice management, teaching and research.

SPECIFIC RESIDENCY OBJECTIVES INCLUDE

- Providing the pharmacy resident with exposure and a deep understanding of the company’s business model
- Offering accelerated opportunities to practice as part of an interdisciplinary team
- Sharpening clinical knowledge base and critical thinking skills
- Helping the pharmacy resident gain management skills and leadership competencies
- Providing the opportunity to learn about the many and varied career paths available within CVS Health

The program calls for highly motivated candidates interested in mastering long-term care pharmacy practice as well as the competencies required to lead multidisciplinary teams and be well prepared to assume a leadership role in community pharmacy practice or in a corporate setting in the future.

AT THE CONCLUSION, THE RESIDENT WILL BE ABLE TO

- Perform direct and indirect patient care activities
- Perform clinical assessment and dosing in anticoagulation and infusion services
- Perform medication regimen reviews
- Collaborate with other CVS Health colleagues across our enterprise as well as other health care professionals
- Learn effective skills in operating a long-term care pharmacy
- Exercise leadership and practice management skills
- Engage in health care reform discussions and provide services to the community
- Analyze medical and pharmacy literature to effectively solve clinical problems
